	28	0.31	0.15	
	29	0.36	0.16	
	30	0.16	0.04	
Staten Island	31	0.28	0.11	0.12

* The new Projected Public School Ratio is developed utilizing the 2012-2016 American Community Survey -Public Use Microdata Sample.
Ratios are calculated based on information for housing units built from 2000 to 2016.
Projected Public School Ratio will be incorporated in the City Environmental Quality Review manual.
