Project #: SCA0000040750

Category Note: IEH (Industrial & Environmental Hygiene) - These projects are environmental abatement projects performed on an as-needed basis. The work items are typically in response to requests by custodians. For IEH schedule data, the actual construction start date and completion dates are provided. Like Emergency projects, these projects are responses to identified environmental conditions and do not have formal scope and design phases. The only phase reported is Construction. For IEH financial data, CP and final estimate data are provided. Project budget data is "IEH" as these projects, like Emergency projects, are responses to environmental conditions and are funded as needed.

Project #: DSF0000912707

Category Note: Fast Track (Various Expedited Projects) - These projects are expedited when identified. In some cases there may not be a formal scope or design phase. Accordingly, the only phase reported is Construction. The actual construction start and end dates are provided. The planned construction completion date is "FTK" since these projects are expedited and do not have standard scheduled durations. Financial information includes the CP, final estimate, and actual spending. The final estimate does not include projections to complete the project. Project budget is "FTK" since the projects are expedited and are not budgeted.

Project #: DSF0000960116											
Category Note: DIIT (DOE Division of Instructional and Information Technology) - Project Connect involves purchase and installation of technology on projects such as infrastructure cabling, equipment and integration, wireless classroom integration/installation, retrofit and data and voice cabling, and internet video instruction servers (IVIS). Only the Purchase and Install phase appears in the Report since technology projects do not involve scope, design and construction. For schedule information, actual start and end dates are provided. For financial data, the funding is on a lump sum basis and the costs per school are dependent on survey results. Each CP reflects funding for an entire multi-school program. This program has additional State, Federal and private funding sources which are not included in this column. Final estimates and actual spending are provided when available. Financial data is "DIIT", if data is not provided.											

FOOTNOTES: PNS - Phase Not Started. Planned end dates are developed and entered when the phase starts. PNB - Project Not Budgeted. Budgets are developed during Scope and Design phases.

Project #: SCA0000023472

Category Note: Fast Track (Various Expedited Projects) - These projects are expedited when identified. In some cases there may not be a formal scope or design phase. Accordingly, the only phase reported is Construction. The actual construction start and end dates are provided. The planned construction completion date is "FTK" since these projects are expedited and do not have standard scheduled durations. Financial information includes the CP, final estimate, and actual spending. The final estimate does not include projections to complete the project. Project budget is "FTK" since the projects are expedited and are not budgeted.

Category Note: IEH (Industrial & Environmental Hygiene) - These projects are environmental abatement projects performed on an as-needed basis. The work items are typically in response to requests by custodians. For IEH schedule data, the actual construction start date and completion dates are provided. Like Emergency projects, these projects are responses to identified environmental conditions and do not have formal scope and design phases. The only phase reported is Construction. For IEH financial data, CP and final estimate data are provided. Project budget data is "IEH" as these projects, like Emergency projects, are responses to environmental conditions and are funded as needed.

Project #: DSF0000960206

Category Note: DIIT (DOE Division of Instructional and Information Technology) - Project Connect involves purchase and installation of technology on projects such as infrastructure cabling, equipment and integration, wireless classroom integration/installation, retrofit and data and voice cabling, and internet video instruction servers (IVIS). Only the Purchase and Install phase appears in the Report since technology projects do not involve scope, design and construction. For schedule information, actual start and end dates are provided. For financial data, the funding is on a lump sum basis and the costs per school are dependent on survey results. Each CP reflects funding for an entire multi-school program. This program has additional State, Federal and private funding sources which are not included in this column. Final estimates and actual spending are provided when available. Financial data is "DIIT", if data is not provided.

Project #: SCA0000068269

Category Note: IEH (Industrial & Environmental Hygiene) - These projects are environmental abatement projects performed on an as-needed basis. The work items are typically in response to requests by custodians. For IEH schedule data, the actual construction start date and completion dates are provided. Like Emergency projects, these projects are responses to identified environmental conditions and do not have formal scope and design phases. The only phase reported is Construction. For IEH financial data, CP and final estimate data are provided. Project budget data is "IEH" as these projects, like Emergency projects, are responses to environmental conditions and are funded as needed.

Project #: DSF0000960605

Category Note: DIIT (DOE Division of Instructional and Information Technology) - Project Connect involves purchase and installation of technology on projects such as infrastructure cabling, equipment and integration, wireless classroom integration/installation, retrofit and data and voice cabling, and internet video instruction servers (IVIS). Only the Purchase and Install phase appears in the Report since technology projects do not involve scope, design and construction. For schedule information, actual start and end dates are provided. For financial data, the funding is on a lump sum basis and the costs per school are dependent on survey results. Each CP reflects funding for an entire multi-school program. This program has additional State, Federal and private funding sources which are not included in this column. Final estimates and actual spending are provided when available. Financial data is "DIIT", if data is not provided.

Project #: SCA0000023455, DSF0000777713

Category Note: Fast Track (Various Expedited Projects) - These projects are expedited when identified. In some cases there may not be a formal scope or design phase. Accordingly, the only phase reported is Construction. The actual construction start and end dates are provided. The planned construction completion date is "FTK" since these projects are expedited and do not have standard scheduled durations. Financial information includes the CP, final estimate, and actual spending. The final estimate does not include projections to complete the project. Project budget is "FTK" since the projects are expedited and are not budgeted.

Project #: SCA0000066267

Category Note: IEH (Industrial & Environmental Hygiene) - These projects are environmental abatement projects performed on an as-needed basis. The work items are typically in response to requests by custodians. For IEH schedule data, the actual construction start date and completion dates are provided. Like Emergency projects, these projects are responses to identified environmental conditions and do not have formal scope and design phases. The only phase reported is Construction. For IEH financial data, CP and final estimate data are provided. Project budget data is "IEH" as these projects, like Emergency projects, are responses to environmental conditions and are funded as needed.

Project #: DSF0000960247

Category Note: DIIT (DOE Division of Instructional and Information Technology) - Project Connect involves purchase and installation of technology on projects such as infrastructure cabling, equipment and integration, wireless classroom integration/installation, retrofit and data and voice cabling, and internet video instruction servers (IVIS). Only the Purchase and Install phase appears in the Report since technology projects do not involve scope, design and construction. For schedule information, actual start and end dates are provided. For financial data, the funding is on a lump sum basis and the costs per school are dependent on survey results. Each CP reflects funding for an entire multi-school program. This program has additional State, Federal and private funding sources which are not included in this column. Final estimates and actual spending are provided when available. Financial data is "DIIT", if data is not provided.

FOOTNOTES: PNS - Phase Not Started. Planned end dates are developed and entered when the phase starts. PNB - Project Not Budgeted. Budgets are developed during Scope and Design phases.

Project #: SCA0000063711

Category Note: IEH (Industrial & Environmental Hygiene) - These projects are environmental abatement projects performed on an as-needed basis. The work items are typically in response to requests by custodians. For IEH schedule data, the actual construction start date and completion dates are provided. Like Emergency projects, these projects are responses to identified environmental conditions and do not have formal scope and design phases. The only phase reported is Construction. For IEH financial data, CP and final estimate data are provided. Project budget data is "IEH" as these projects, like Emergency projects, are responses to environmental conditions and are funded as needed.

Category Note: IEH (Industrial & Environmental Hygiene) - These projects are environmental abatement projects performed on an as-needed basis. The work items are typically in response to requests by custodians. For IEH schedule data, the actual construction start date and completion dates are provided. Like Emergency projects, these projects are responses to identified environmental conditions and do not have formal scope and design phases. The only phase reported is Construction. For IEH financial data, CP and final estimate data are provided. Project budget data is "IEH" as these projects, like Emergency projects, are responses to environmental conditions and are funded as needed.

Project #: SCA0000063209

Category Note: IEH (Industrial & Environmental Hygiene) - These projects are environmental abatement projects performed on an as-needed basis. The work items are typically in response to requests by custodians. For IEH schedule data, the actual construction start date and completion dates are provided. Like Emergency projects, these projects are responses to identified environmental conditions and do not have formal scope and design phases. The only phase reported is Construction. For IEH financial data, CP and final estimate data are provided. Project budget data is "IEH" as these projects, like Emergency projects, are responses to environmental conditions and are funded as needed.

Project #: DSF0000960276

Category Note: DIIT (DOE Division of Instructional and Information Technology) - Project Connect involves purchase and installation of technology on projects such as infrastructure cabling, equipment and integration, wireless classroom integration/installation, retrofit and data and voice cabling, and internet video instruction servers (IVIS). Only the Purchase and Install phase appears in the Report since technology projects do not involve scope, design and construction. For schedule information, actual start and end dates are provided. For financial data, the funding is on a lump sum basis and the costs per school are dependent on survey results. Each CP reflects funding for an entire multi-school program. This program has additional State, Federal and private funding sources which are not included in this column. Final estimates and actual spending are provided when available. Financial data is "DIIT", if data is not provided.

Project #: SCA0000067171

Category Note: IEH (Industrial & Environmental Hygiene) - These projects are environmental abatement projects performed on an as-needed basis. The work items are typically in response to requests by custodians. For IEH schedule data, the actual construction start date and completion dates are provided. Like Emergency projects, these projects are responses to identified environmental conditions and do not have formal scope and design phases. The only phase reported is Construction. For IEH financial data, CP and final estimate data are provided. Project budget data is "IEH" as these projects, like Emergency projects, are responses to environmental conditions and are funded as needed.
