

2012 DEP GUIDELINE FOR THE DESIGN & CONSTRUCTION OF STORMWATER MANAGEMENT SYSTEMS
 (FLOWCHART BASED ON APPENDICES M & I – TO BE USED TO DETERMINE IF GREEN INFRASTRUCTURE PRACTICE IS
 APPROPRIATE FOR PROJECT, EXCEPT FOR GREEN ROOF PRACTICE)

LEGEND

Start/End Symbol
The terminator symbol marks the starting or ending point of the system. It usually contains the word "Start" or "End."

Input/Output Symbol
Represents material or information entering or leaving the system, such as customer order (input) or a product (output).

Action or Process Symbol
A box can represent a single step ("add two cups of flour"), or an entire sub-process ("make bread") within a larger process.

Decision Symbol
A decision or branching point. Lines representing different decisions emerge from different points of the diamond.

Summing Junction Symbol
Indicates a point in the flowchart where multiple branches converge back into a single process.

Connector Symbol
Indicates that the flow continues where a matching symbol (containing the same letter) has been placed.
